

Dear MetroPlus Member,

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema?

Call MetroPlus at 1-877-475-3795 (TTY: 711) for more information.

Thank you,

MetroPlus Health Plan
